# Agricultural Product Processor & Exporter

A photograph showing a close-up of a hand holding a small, light-colored seed just above a young green plant with two leaves. The background is a blurred green field, suggesting an agricultural setting. The image is split into two parts: the top part shows the hand and seed, and the bottom part shows the seedling.

# ABOUT US

The organization has been started in 1990 by our managing director Mr. Chandrashekhar Karpe, who has comprehensive experience since 1984 in manufacturing quality products of the Oil Industry and Food processing Industry as well as Cattle feed Industry. For identifying & exploring the business potential in the start, the company had a turnover of INR 2 million and has grown substantially 30 to 50% every year with the present annual turnover up to INR 500 millions, and the Nutrichfoods gradually stepped ahead in all the activities and became ISO 9001 : 2008 certified company as well as being recognized as One Star Export House by Indian Government. Also our company certified with HALAL body of India.

-  World Wide Export
-  Work Under Supervision of Experts
-  Acknowledgement to Customer

quality

# OUR ACTIVITIES

## **Merchant Trade**

- We trade in other commodities produced by other people, especially with foreign countries.

## **Corn Milling**

- We do export and produce quality corn products like corngrits, broken maize and much more.

## **CashewNut Processing**

- We export quality raw cashewnuts from our trusted vendor and process them in our plant considering all the food hygiene standards

## **Cotton Seed Flour/M Meal**

- The Cotton seeds meal is the by product remaining after cotton is ginned and the seeds crushed and the oil is extracted, mainly used in animal feed and organic fertilizer.
